

MOTEK IS THE GLOBAL LEADER IN VIRTUAL REALITY ROBOTICS FOR HUMAN MOVEMENT RESEARCH AND REHABILITATION.

Founded in
1999
in The Netherlands

85+ employees
with hubs globally

With over 20 years pioneering the advancement of rehabilitation technology, Motek products and technologies can be found in the most **forward-thinking research facilities, top hospitals and stand-out clinics**, changing lives for the better daily.

From universities to the military, augmented reality to games-for-good development, Motek innovations are used for cutting-edge movement treatment and research **across the globe.**

Motek HQ is located in the Dutch capital of **Amsterdam** where they develop, manufacture and produce their state-of-the-art hard- and software technologies, with brand hubs further located globally. Motek, along with other market leaders such as Hocoma and Fysioroadmap, are part of the DIH family of companies **advancing medical technologies** around the world.

Head of Operations

Motek HQ are looking for a new Head of Operations to join one of the most respected pioneering teams in the industry.

Location
Amsterdam & Culemborg,
The Netherlands

ARE YOU INSPIRED BY...

- managing the Operations team of Motek and overseeing the production and purchasing operations of the company?
- ensuring the continuing delivery of high product quality for cutting-edge movement treatment and research across the globe?
- defining and developing the purchasing strategy and supporting the function operationally, like leading supplier negotiations?
- fostering a strong exchange between internal departments to ensure continuous improvement of processes?
- ensuring the alignment of local needs and global company goals within the global DIH organization?
- becoming a key stakeholder and dot connector in the management team of Motek and DIH?

WE MATCH WITH PEOPLE WHO...

- are natural, inspiring leaders with strong negotiation and communication skills.
- think strategically, are able to see the big picture and have a result-oriented can-do attitude.
- thrive in changing and fast paced environments.
- are integrative and drive projects in cross functionals teams.
- keep clear head under pressure and do not lose their humor.

YOU HAVE...

- profound experience in guiding, coaching and developing teams in a changing environment.
- have a track record of 7+ years of applicable experience in supply chain and purchasing in an assembly production organization.
- a Master Degree in Economics or in another relevant discipline
- fluent English skills.

Above all else – the **right attitude** and **drive** is what we are looking for.
